PRINTING ART

We can custom design 3D printed objects to meet the most intricate of project briefs. Those objects are then printed in our state-of-the-art production facility in the American Midwest. Along with a base or other parts of your choosing, your custom deal toy is carefully assembled and printed with tombstone text.

This provides a new level of customization and innovation in the world of deal toys. Ask a concierge about incorporating 3D printed art into your next project.

NEW IN DEAL TOYS

NOT JUST ANOTHER DEAL TOY COMPANY

In addition to creating the highest quality deal toys in the financial services sector, Society Awards is responsible for manufacturing the most iconic awards in the entertainment business.

Pictured above are some of the prestigious awards we make. When you want to impress your client with top notch presentation and prestige, we are the only partner to consider. There is intrinsic value in a deal gift created by the brand known for creating works of art for the most famous business titans and movie stars.

LOGISTICAL ACCURACY

An essential component of our exceptional service is our purpose-built, US-based production facility, wholly owned by Society Awards. This facility lets us execute client programs with absolute logistical accuracy. Four years ago we doubled the facility's original size and converted to full solar power.

Our production facility supports all customization and personalization, inventorying, quality control, and drop-shipping. Its central location in the American Midwest allows us to drop ship nationally and internationally with optimal efficiency. This is particularly important to us, as the world's most impressive deal toys are only of value when paired with on-time delivery.

The expansion includes a lot more than an increase in square footage. The front of the building now features an outdoor community events pavilion designed by architect Joe Jattuso. Local charities will have access to the space for benefits free of charge. The local community has been incredibly supportive of Society Awards; this addition was a chance to give back in a meaningful way.

EXCLUSIVE SHAPES PROGRAM

Do you have a closing dinner right around the corner, but you don't want to show up with another Lucite rectangle?

Society Awards has a unique solution not found anywhere else. We have a large inventory of unique deal toy shapes designed to work for different industry groups and transaction types.

These can only be purchased from Society Awards as they are uniquely designed by the same craftspeople that have designed the most noteworthy deal toys and awards of the last decade. Although they are made from stock pieces in our warehouse, they look like completely custom pieces. The materials we used in this collection are a cut above what traditional deal toy providers use.
